## EDUCATION

---

**B. E (CSE)** - Sri Eshwar College of Engineering, Coimbatore | CGPA: **8.50** (up to 4<sup>th</sup> semester)

**2023-2027**

HSC – Thamarai Matric Higher Secondary School | **94.6%**

**2021-2023**

SSLC – Thamarai Matric Higher Secondary School | **90.0%**

**2019-2021**

## INTERNSHIP

---

### **Modern Full Stack with Next Js – TECHVANCH**

**July 2025**

Developed modern full-stack applications with **Next.js** (App Router, SSR, SSG), **React**, **TypeScript**, **Tailwind CSS**, and **MongoDB**. Integrated **NextAuth.js** for secure authentication, **dynamic routing**, **API endpoints**, and robust **form validation**.

### **MERN Stack Intern – Consensus Academy**

**Jan 2025**

Completed **MERN Stack** internship (**MongoDB**, **Express.js**, **React.js**, **Node.js**) with **HTML5**, **CSS3**, and **responsive design**, developing dynamic **full-stack web applications** — provided by Consensus Academy via college.

### **Web Development Intern – OctaNet**

**Mar 2024**

Designed **web applications** with strong focus on **UX**, leveraging **front-end** and **back-end** technologies to deliver high-performance, responsive **digital solutions** on **live projects**.

## PROJECTS

---

### **Math Formula Book: Next.js App**

**July 2025**

Developed a **Math Formula Notebook** web app featuring **secure authentication**, **CRUD operations**, and a **responsive UI** using **Next.js**, **NextAuth.js**, **MongoDB**, and **Tailwind CSS**.

### **Blog Application: MERN STACK**

**Jan 2025**

Developed a **full-stack blog** using **React**, **Node.js**, **Express**, and **MongoDB** with **secure authentication**. Built **admin panel** for content management and designed a **responsive UI** with **Bootstrap**, deploying for accessibility.

### **E-Commerce Website: HTML / CSS / JS**

**Mar 2024**

Developed a **responsive e-commerce platform** using **HTML**, **CSS**, and **JavaScript**, featuring **product listings**, **search**, and **secure authentication**. Delivered intuitive **UX** with seamless navigation and **dynamic content**.

## TECHNICAL SKILLS

---

**Languages** – C | Java | Python | C++ | JavaScript

**Frameworks** – React JS | Tailwind CSS

**Core Concepts** – DSA | OOPS | DBMS

**Query Language** – MySQL | MongoDB

**Web Technologies** – HTML | CSS | JavaScript

**Tools** – VS Code | Cisco Packet Tracer | Eclipse | GitHub

## CERTIFICATION

---

**Paper Published** – Pet Paradise

**2025**

**Udemy** – Learn Java Programming – Beginner to Master

**2024**

**Udemy** – Mastering Data Structures and Algorithms Using C & C++

**2024**

**Infosys Springboard** – Python Foundation Certification

**2024**

**Hackerrank** – Python | Problem solving (basics) | SQL (basics)

**2024**

**Coursera** – Crash Course On Python

**2024**

## ACHIEVEMENTS

---

**LEETCODE**: 1,502 (max: 1,502) | **CODECHEF**: 863(max: 863) | **HACKERRANK**: 4319(max: 4319)
